REAL ESTATE!

BARGAINS!

Don't Go Three Miles Out in the Country for Lots when you can get them for the Same Money in

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide There are no 60 or 80 feet streets, and narrow, 10-feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 10-inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain, even if other parts of the city are suffering from scarcity of the precious fluid

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full size lot 50 by 190 feet do not hesitate a moment about buying. You can buy two lots on a corner, and erect pretty little cottages across them, giving each cottage a neat, pretty little yard, and readily rent them, owing to the location, etc.

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

The Street Car Line Runs Through PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Meat Road," up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

I AM ALSO SELLING

LOTS IN CALVERT HEIGHTS!

On Easy Terms, and at from $300 to $400. They bear very much the same relation to

COLORADO CITY,

As do Parrish Addition Lots to Colorado Springs, and

I CAN RECOMMEND THEM AS AN INVESTMENT!

SURE TO PAY A BIG PROFIT

DURING THE COMING YEAR.

CALVERT HEIGHTS!

Is surrounded by growing and progressive enterprises. THE MIDLAND SHOPS lie at its Northeast corner. Colorado City proper is North and Northeast of it. Bott's Additions join it on the North and Northwest. Colorado Springs itself is in full view, only two miles to the Southeast, and last though not least important,

The Great Glass Manufacturing Works

Are to be erected (at once) just south of CALVERT HEIGHTS. I have arranged to have every lot supplied with PURE WATER IN PIPES.

THE LOCATION IS SUPERB!

THE SURROUNDING VIEWS

ARE MAGNIFICENT!

Last year I recommended you to buy lots in Parrish's Addition, and they have paid a better Profit than any other lots on the market. This year I urge you to add to YOUR INVESTMENT AS MANY LOTS IN CALVERT HEIGHTS as you can afford to buy, with the result that, before the year is out, *you will again be glad that you have taken my advice.*

CALL EARLY! BUY SOON!

There are not very many lots altogether, and those who apply late, may find them all gone, and will have *to Pay an Advance.*

THE GAZETTE.

THURSDAY JANUARY 30 1890

DAILY WEATHER REPORT.

[illegible]

In his advertisement A. B. Cottman of Ten[illegible] four hairdressers per week

Mrs F B Russell of Fayetteville New York last night over the Rock Island

The circulator of the DAILY GAZETTE advertises in this issue for a carrier on a horse route

Mr Frank White, the enterprising real estate dealer, is able to be on the streets again after a month's illness with fever

As the time approaches for the giving of the concert, the Mozart Choral society will have an extra rehearsal each week, beginning this evening.

Mr. J. H. Monroe, who has been a visitor in Colorado Springs for some weeks left for Harrisburg, Pa. last night on the Rock Island vestibule.

Mrs. J. Reaburn, who has been visiting her sister, Mrs Wm Black, in this city for some days, returned to her home in Denver, Ill., last night.

Mr. Z. Y. Simmons and daughter, who have spent some months at the Cliff house in Manitou, left for the east last night over the Rock Island route

The [illegible] of the churches will be held this evening in the Baptist church at 7:30. Rev Richard Montague will have charge of the meeting All are invited.

Postmaster Meier will ask the department at Washington for special instructions regarding the redeeming of one key for each of the old boxes where the key deposit pledge has been lost or mislaid.

Mrs. Thomas Tribe and [illegible] daughters leave for England to day. They will sail on the 16th by the steamer "Britannica" of the White Star line. They expect to be absent [illegible] months visiting relatives and friends

It is stated on good authority that Mr. D. B. Robinson formerly general manager of the Colorado Midland, has been appointed general manager and assistant to the president of the Atlantic and Pacific railroad, with offices in Boston.

The entertainment to be given by the children of the Deaf and Blind Institute this evening, complimentary to the ladies who furnished them their handsome Christmas tree, will be largely attended and there is no doubt but the who attend will be delightfully entertained.

Mr. J. C. Isbell, the jeweler, has recently designed and made a handsome watch charm for Mr. H. S. Poley, of the firm of Sooey & Poley, photographers. It is a miniature camera made of silver, gold and black enamel, and is a neat piece of work.

The Salvation Army will not hold a meeting this evening. Captain Linda Rahn and her assistants have taken cold lodgings in the city, and they will try resting this evening to see if it will relieve their hoarseness. The meetings will be continued to morrow night.

The board of county commissioners was in session again yesterday and consumed a greater portion of the day in examining bills. Among the bills allowed were those of the judges and clerks of election at the several voting precincts for the last election A bill of $115.70 was allowed E. G. Perkins as a balance due on a settlement for the year 1886, and John O. Fu[illegible]ll was allowed $120.[illegible] for work on the Ute pass road.

The Boston symphony orchestra club, which will appear at the opera house next Tuesday evening, is composed of the following well known artists: Mr Willis Nowell, leader and solo violin Herr Charles Palm, violin; Herr Richard Stoelzer, viola and viola d'amour, Mons. Adolph Burose, flute virtuoso, Herr Philip Roth, solo violoncello; Herr Josef Beckel, double bass assisted by Miss Clark Cushing, prima donna, soprano.

The money necessary to place a base ball team in the field next year is being gradually subscribed, and the managers of the association are greatly pleased with the outlook. The amount has not all been subscribed yet, however, and those who wish to take stock can find the books at Mr. Woodruff's office, 102 Pike's avenue. The following circular has been sent to parties interested in base ball in the cities of Denver, Pueblo, Trinidad, Greeley, Aspen Leadville, Yuma and Glenwood

THE COLORADO SPRINGS BASE BALL ASSOCIATION, OFFICE, 102 PIKE'S PEAK AVENUE, COLORADO SPRINGS, Colo., January 9th, 1890.

DEAR SIR—It is proposed to form a state base ball league composed of representatives from the different cities & towns of the state. If we call a convention for January 23d at Colorado Springs will your city send a representative? We trust you can, as we think that the formation of a league will greatly stimulate base ball affairs all through the state. An early reply will greatly oblige.

Yours truly,

Manager of the GAZETTE.

Prof Chas. M Carter, superintendent of the public schools industrial drawing department, called at the GAZETTE office yesterday to extend his congratulations upon our new year's edition. Prof. Carter says that the illustrations are highly artistic and the printing in colors novel and effective.

Had it not been for the unexpected result in Delaware the next United States senate would be republican only by the vote of Vice President Morton. When the senate is called to order on March 4 it will be composed of thirty-eight elected republicans, thirty seven elected democrats and one republican senator to be appointed by the governor of New Hampshire to ... Mr. Chandler.

Congressman Herbert of Alabama thinks it would be a dangerous experiment for the government to grant a charter to the Nicaragua Canal company, because the United States would then be committed to the protection of the property which the company would acquire under the charter. This protection, Mr. Herbert thinks, would require not only a heavy outlay of money, but would probably involve the country in a war with some other nation. It seems rather hard that this charter should be refused simply because it would necessitate the government protecting the rights granted. Mr. Herbert no doubt over estimates the cost of such protection and the probability of a foreign war being brought on. At all events the benefit which the Nicaragua canal would be to the country must heavily overbalance the objections to it.

The readers of the GAZETTE have already had some introduction to the new monthly paper, Colorado Weather, as articles contributed to its columns have frequently been borrowed for this journal, one of them for the New Year's edition. Nevertheless, the existence and character of the paper is not well known in the city as it ought to be, and we are glad to learn that suitable arrangements have been made to enable all our citizens to become acquainted with it. The paper ought to be liberally supported here, for not only is it issued from the office of the State Meteorological Association in our city, and under the auspices of our college, but it is, for this state, the only authoritative exponent of exact information on the matter of climate and weather, a topic in which both our prominent citizens and transient guests have the best of reasons for interest. While the tables contain all the information in regard to each month's weather in every section of the state that can be obtained from all other publications combined, the feature of contributed articles from prominent physicians and other writers adds greatly to the interest of the paper and enhances its value, particularly to the health seeker. No better recommendation of Colorado can be sent to eastern friends. We learn from the publishers that its value has already become known to quite a number of eastern readers. The editor of the American Meteorological Journal, published in Michigan, writes, "I think your enterprise admirable and your paper excellent;" while the chief signal officer says:

This office is much gratified to note the marked improvement in its appearance, and to ... that its success as a publication in the field of meteorology is assured.

An annual number, published near the close of this month, will contain statistics for the past year as a whole.

NUMBER 1690. COLORADO SPRINGS, COLO., SATURDAY, JANUARY 12, 1889.—WITH SUPPLEMENT. PRICE FIVE CENTS.

CABINET CANDIDATES.

Several New Names Suggested to the President-Elect.

A Strong Petition Urging Ex-Governor Routt Presented.

Virginia Republicans Unanimous for General Mahone.

A Senate Committee Investigating the Samoan Affair.

Gen. Harrison's Callers

INDIANAPOLIS, January 11.—Benjamin Ham, sent another delegation to-day to visit General Harrison, in the person of Col. E. P. Kirkland and Judge Stratton. Their mission was to present the name of ex-Gov. Wm. H. Smith as a suitable representative of the south in President Harrison's cabinet.

Another visitor to the city, but who did not call in person on the president elect, was J. Porter of Chicago for seventeen years prominently identified with the treasury department at Washington and for a time appointment clerk of the treasury. He has just returned from a trip through Colorado, Texas and Arkansas, and as the result of his talks with leading republicans in those states he to-day sent the president elect a strong petition favoring ex-Gov. John L. Routt of Denver for a cabinet place.

Capt. W. S. Lurty of Harrisonburg, Va., arrived this evening. He is the standard of the Virginia delegation now en route to urge the name of General Mahone as a cabinet officer. He claims all officers of Virginia are now practically unanimous for Mahone.

The War in Samoa.

SYDNEY, N. S. W., January 11.—The report of fighting between Germans and the followers of the deposed King Mataafa in Samoa is confirmed. Germans all [illegible] shot. Followers of Mataafa assert that the Germans fired the first shot and killed an important chief and his son.

WASHINGTON, January 11.—Consul General Sewall of Samoa, who has been home several months, appeared before the [illegible] committee. General Sewall was examined at great length. There is an expressed belief that the next mail will bring news of further and more serious conflicts between the Germans and natives; that the shedding of blood since he left Samoa had radically changed the situation, that if we were intended to yield to Germany entire control of the islands, some decided action would have to be taken by the powers.

He presented to the committee copies of the Samoan Times, published at Apia, containing accounts of the unprovoked and unexpected attack of a German ship upon the natives, and of a meeting by the consul and other nations denouncing the act, also the misleading and unfair statement, by the German consul, as he spoke of the studied, systematic efforts of the Germans in sending out news from Berlin concerning Samoa to give the impression that America was the aggressor in every cause of trouble. German oppression, he is further said to represent, is entirely responsible for any apparent division of the natives into hostile factions. He described Tamasese's followers as a comparative handful, who were threatened by a dilemma. If they failed to keep up the agitation among the government they feasted death at the hands of their German allies. If they escaped the same fate waited them at the hands of the natives who considered them traitors to Samoa.

The Pittsburg Disaster.

PITTSBURG, January 11.—Up to 10 o'clock this morning, the mangled remains of 11 persons had been taken from the ruins of the buildings erected in Wednesday's storm. Four more are known to be still buried under the debris. Six others are missing. Of the injured three have died since removal to the hospitals. Four others are in a critical condition. The remaining 33 are doing well. During the night the bodies of Charles McEwen and two unknown workmen were recovered and at daylight the remains of the venerable Rev. Dr. Reed were found. Dr. Reed was 80 years old and a prominent resident of Allegheny City.

Reading's Disaster, &c.

READING, January 11.—No more bodies have been found in the ruins of the silk mill. It is believed all have been recovered. Several reported yesterday as dead have been found safe. Correct list of dead: Emma Nestor, John Reber, Eva Leeds, Laura Kershner, Susie Barner, Tillie Grow, Mary Fitzpatrick, Sallie Faust, Henry S. Crocker, Anna Christman, Sallie C. Bickel, Ella Reclenaster, Tillie E. Schaeffer, Sallie Schaeffer, Barbara A. Schlemer, Sarah Shade, William Snyder, Sophia F. Winkleman.

A Pueblo Offering.

PUEBLO, January 11.—The Pueblo Chieftain smelter, the Pueblo smelter and the Colorado smelter of this city have each donated a fifty ounce silver brick to be sold by the stock exchanges of the cities of New York, Philadelphia and Pittsburg for the benefit of the Johnstown sufferers. The bricks will be ready for shipment by Monday evening and will be immediately forwarded by the smelters to their destinations.

African Revolutions.

ZANZIBAR, January 11.—Advices from the interior say that in October Mwanga, king of Uganda, plotted to destroy his entire body guard, his intention being, it is said, to then go on an island in Lake Nyanza where they would starve to death. The guards who had been forewarned of the king's intentions, refused to enter the canoes which were to convey them [illegible]

DAILY WEATHER REPORT.

[illegible]

Mr. Edgar Howbert, the new district clerk, will take charge of the office to day

Justice Shideler fined two drunks and three men for fighting yesterday They all paid their fines

The board of county commissioners occupied the greater part of the day yesterday in discussing bills

Mr. Frank E. Oder will place a large bankrupt stock of boots and shoes in his gallery on South Tejon street to-day.

The citizens of Cascade made application to Superintendent Berrey yesterday to be permitted to organize a school district.

Mr. John Beal, so long a member of the Colorado Springs police force in the years that are past, is now wearing a star as the night officer at Colorado City.

Washington camp No 25 P O. S. of A', will give a public installation and entertainment on Monday evening next, at 7 30 o'clock, at Odd Fellows' hall.

There is rumor of a grand excursion of Colorado Springs people to Washington to witness the inaugural exercises on the 4th of March It will probably be run in conjunction with that from Denver, and it is said it can be run at the rate of $35 for the round trip.

Mr. E. P. Moon of Husted has furnished us with the following weather record for the week ending January 9th: Highest temperature, 56° on the 8th; lowest temperature, 9° on the 8th; weekly mean temperature 27°. Prevailing direction of the wind, south.

Bicycling for ladies is said to be quite popular in Washington but it is only in the last few days that Colorado Springs has seen it. By a recent invention the "safety" bicycles are made so that ladies can ride them and one of them has been brought to the city. It is quite a novelty to many.

Mr. Edward G. Hayes, who has recently disposed of his cattle interests in this vicinity, leaves to-day for his home in Canandaigua, N. Y., to-day. Mr. Hayes will probably return to the spring for a short time and then leave for a residence of several years in Europe, where he will continue his studies in the art of painting.

Gidding Bros. & Wilbur announce through their advertisement that they have begun a sale of their large stock of dry goods at greatly reduced prices. This firm is to be dissolved about the first of February, Mr. M. H. Wilbur retiring, and it is for the purpose of reducing the stock that the cuts in prices are to be made. A large force of clerks were kept busy yesterday marking down goods.

After many unavoidable delays the new art school under the management of Messrs. Parrish and Lent will open its studios this evening. There will be an art talk by Mr. Lent and a statement of the aims and plan of the new school by Mr. Parrish. A comprehensive school of art instruction embracing, as is now proposed, studies from the elementary principles of drawing to painting from the life, has long been needed here, and all those who feel an interest in the new school will be welcome. The studios are in the Exchange National bank building, at the southwest corner of Pike's Peak avenue and Tejon street, entrance on Tejon street, one door north of Storer's drug store.

Last night a large and enthusiastic meeting of those interested in Rugby foot ball was held in Mr. Woodruff's office, kindly loaned for the occasion. Mr. D. C. Goddard called the meeting to order and a permanent organization was instituted. The following officers were elected: President, D. C. Goddard, vice president, W. F. Douglas; secretary and treasurer, W. M. Malloch, executive committee, Messrs. M. O. Barnes, A. A. Carnduff and J. A. Connell. Steps are now being taken to arrange several very interesting matches with Denver and other cities of the state. All those desiring to play foot ball are requested to send in their names to W. M. Malloch, P. O. box No 958. The meeting adjourned till Wednesday next at half past 7 o'clock to meet at the above named office when it is hoped that all interested will attend.
